(Note 1) The forecasts indicated above are the current figures calculated under the assumptions described in the Attachment “Assumptions for Forecasts for the Fiscal Periods Ending April 30, 2017 (5th Period) and October 31, 2016 (6th Period).” The actual operating revenue, operating income, ordinary income, net income, cash distribution per unit (not including cash distribution in excess of earnings) and cash distribution in excess of earnings per unit may be subject to change due to variances in the assumptions arising from changes in operational environment such as additional acquisition/disposition of real estate, etc., changes in rental income associated with changes in tenants or other causes and unexpected occurrences of repair, etc., fluctuations in interest rates and changes in other conditions surrounding Tosei Reit, etc. in the future. In addition, Tosei Reit does not guarantee any actual cash distribution amount by announcing the forecast figures.

No cash distribution in excess of earnings per unit (reserve for temporary difference adjustments) is expected for the fiscal period ending April 30, 2017 as the calculation is made under assumption that there is no fluctuation to the fair value of interest rate swaps as indicated in “cash distribution in excess of earnings (reserve for temporary difference adjustments)” in the attachment.

Assumptions for Forecasts for the Fiscal Periods Ending April 30, 2017 (5th Period)  
and October 31, 2017 (6th Period)

Item	Assumptions																														
Calculation Period	<ul style="list-style-type: none"> <li>• Fiscal period ending April 30, 2017 (5th Period): November 1, 2016 – April 30, 2017 (181 days)</li> <li>• Fiscal period ending October 31, 2017 (6th Period): May 1, 2017 – October 31, 2017 (184 days)</li> </ul>																														
Assets under Management	<ul style="list-style-type: none"> <li>• It is assumed that trust beneficiary interests in real estate to be newly acquired (5 properties in total; the “Properties to be Acquired”) after the issuance of new investment units, which was resolved at the Board of Directors meetings held on October 11, 2016, are acquired in addition to the trust beneficiary interests in real estate owned by Tosei Reit as of today (18 properties in total; the “Assets under Management”) as well as that there will be no change (new property acquisitions, sales of existing properties, etc.) through the end of the fiscal period ending October 31, 2017 (6th Period) except for the acquisition of the Properties to be Acquired.</li> <li>• In practice, they may vary due to acquisition of new properties other than the Properties to be Acquired or sales of properties held, etc.</li> </ul>																														
Operating Revenue	<ul style="list-style-type: none"> <li>• Rental revenues from the Assets under Management are calculated taking into account lease agreements that are effective as of today, the tenant trends, market trends, etc. Rental revenues from the Properties to be Acquired are calculated taking into account the information obtained from the present owners and such of the Properties to be Acquired. As for Tama Center Tosei Building, calculation is made based on the agreement executed on June 15, 2016 concerning execution of re-contract for Tama Center Tosei Building.</li> <li>• For rental revenues, it is assumed that no rent payments will be behind or declined by tenants.</li> </ul>																														
Operating Expenses	<ul style="list-style-type: none"> <li>• The following are the major items of operating expenses. <table border="1" style="margin-left: 40px;"> <thead> <tr> <th></th> <th>For the fiscal period Ending Apr.30 2017</th> <th>For the fiscal period Ending Oct.31 2017</th> </tr> </thead> <tbody> <tr> <td>Expenses related to rent business</td> <td>678 million yen</td> <td>703 million yen</td> </tr> <tr> <td>Management fee</td> <td>147 million yen</td> <td>143 million yen</td> </tr> <tr> <td>(Operational management costs</td> <td>111 million yen</td> <td>111 million yen)</td> </tr> <tr> <td>(Property management costs</td> <td>31 million yen</td> <td>31 million yen)</td> </tr> <tr> <td>Repair expenses</td> <td>31 million yen</td> <td>30 million yen</td> </tr> <tr> <td>Property taxes</td> <td>116 million yen</td> <td>130 million yen</td> </tr> <tr> <td>Depreciation</td> <td>197 million yen</td> <td>197 million yen</td> </tr> <tr> <td>Expenses other than expenses related to rent business</td> <td>135 million yen</td> <td>144 million yen</td> </tr> <tr> <td>Asset management fee</td> <td>87 million yen</td> <td>91 million yen</td> </tr> </tbody> </table> </li> <li>• For the expenditure for repair and maintenance of buildings, the amount expected to be required in the fiscal period has been assumed as costs based on the amount planned by Tosei Asset Advisors Inc. (the “Asset Management Company”), the asset management company of Tosei Reit, after considering the amount stated in the engineering report. However, the expenditure for repair and maintenance for the fiscal period could differ significantly from the estimated amount, as expenditures may arise urgently due to damages to buildings and such caused by unexpected factors, and because the variance in amounts generally tends to be significant from year to year and repair maintenance expenses do not arise regularly.</li> <li>• For property taxes, upon transactions of real estate and other properties, it is a general practice to calculate and reimburse the pro rata portion of fixed property taxes, city planning taxes and other public charges based on the number of days of ownership to the current owner and settle them at the time of acquisition. However, the settled amount is included in the acquisition cost and is not recorded as expenses. Therefore, concerning the Nishidai NC Building that acquired on August 31, 2016 and Properties to be Acquired, fixed property taxes, city planning taxes and other public charges in the fiscal 2016 will not be recorded as expenses in the fiscal year ending April 30, 2017. The fixed property taxes, city planning taxes and other public charges to be included in the acquisition cost of the Nishidai NC Building is assumed to be JPY2 million (equivalent to that for 61 days).
